OAKWORKS[®] *Spa* & massage

Oakworks' tradition of manufacturing high quality products for the Massage and Spa industries spans more than forty years. Oakworks innovative massage table designs have been selected as the brand standard by leading spas, and are found wherever excellence in construction, comfort, and customer service is required. From trouble-free portable massage chairs to sophisticated multi-purpose spa tables; Oakworks' full line of massage tables and portable massage chairs are proudly made in Pennsylvania.

Oakworks' commitment to satisfying their customers, to developing innovative products that serve the changing needs of the marketplace and genuine interest in providing products built to the highest standards to ensure safety, reliability and environmental wellness, are legendary.

innovating health & wellness

CLINICIAN SERIES

The Clinician Series was designed to meet all needs, especially when budget is a priority.

The Clinician's fine handmade furniture construction sets Oakworks® Spa Tables apart from the rest. It offers the perfect blend of beauty, function and value with options to have it reflect the Spa's aesthetic.

It comes standard with a removable and replaceable top, a storage shelf and the optional cabinet upgrade.

Options:

3 lift systems

3 top options

3 door options

PORTABLE TABLES & CHAIRS

ONE Table Basic Package

The One by OAKWORKS® portable massage table is built to meet the needs of the budget-conscious professionals for an inexpensive portable massage table without compromising on product quality. This table is built in USA from the highest quality globally sourced materials, and with many of the same features and patented details as the other professional massage tables.

One... great table.

One... phenomenal package.

One... incredible value.

1. CABLE LOCK SYSTEM uses stronger cables than anyone else, designed not to stretch or fail even under the heaviest loads.
2. SUPPORT STRUCTURE - Engineered Leg extension system-designed to need only one knob instead of two and offer more strength than any other on the market.
3. UNDERSTRUCTURE - PATENTED INTEGRAHINGE™ Oakworks® exclusive design integrates the attachment of the bracing system to offer incredible strength and lighter weight that no piano hinge can match. Squeak-free and rigid.
4. UNILOCK™ super quick, easy to use closure system folds out of the way for shiatsu.
5. ULTIMATE ACCESS END PANEL & SHIATSU CABLES unique system allows the best access on the market. The shiatsu cables allow the table to be laid flat on the floor.

WELLSPRING Portable Massage Table

Stylish lightweight full-size portable massage table designed to meet the needs for greater strength, lighter weight and better ergonomic client access .

The Wellspring can stand up to even heavyweight clients, without bending or breaking under extreme pressure, due to its extremely durable frames, made with an especially durable alloy called T6 aluminum. Its telescoping legs are simple

to adjust, with the bottom portion retracting into the top section of the leg, and combined with Oakworks patented inverted truss system, make it quick and easy to fold up.
